outdoor classroom

Outdoor learning just got a whole lot more fun with the outside classroom.

This high quality timber building can be built to your own specification to sit as many pupils as you need. The outdoor classroom can also be fitted with blackboards, storage boxes, ramp access and pull down weather panels to make the perfect outdoor learning experience.

the bug hotel

Fill the bug hotel with leaves, old bamboo canes, old bits of drain pipe, straw, dry sticks and twigs, then sit back and study the insects that come to stay - solitary bumble bees, spiders, centipedes, woodlice, ladybirds and many more!

study area

The mud kitchen

Make a mud pie or mud soup in the mud kitchen. Perfect for creative, social and imaginative development.

oak table

This beautiful piece of solid oak furniture will enhance any indoor or outdoor school space. It can be used as a group study table, relaxing space, role playing area or banqueting table!

mound play

Crawl through the underground tunnel, climb over the artificial grass hill! The mound play unit offers a variety of physical challenges and can be customised to your specification. Add climbing grips, another crawl tunnel, ascent ropes or play panels to develop the user challenge level.

For further information please contact Mike on - 07947 637 937

adventure play towers

The adventure play tower system allows you to build your own unique play space.

Explore the towers by crawling, sliding, role playing, swinging and learning through each different physical challenge.

The mega mud kitchen

The mud kitchen just got an extension!
All the the mud creation children can handle in a full kitchen, complete with oven, cupboards, mud tubes, shelves and the kitchen sink!

storytelling chairs

Are you
sitting
comfortably?
Then let's begin.

Once
upon a
time...

A beautiful centre piece
to a storytelling circle,
our hand carved chairs
are finished to a high
standard and can
withstand all weathers in
your outdoor space.
Storytelling chairs can be
joined with standard
sleeper benches, oak
stump seats or hand carved
mushroom seats.
Are you sitting comfortably...?

play sculpture

Fantastic pieces of timber
sculpture to engage with
a child's imagination.
All sculptures are sanded
and cleaned to a very
smooth finish;
they can be painted,
stained or left to age
naturally. You imagine
it - we can make it.

nursery garden development

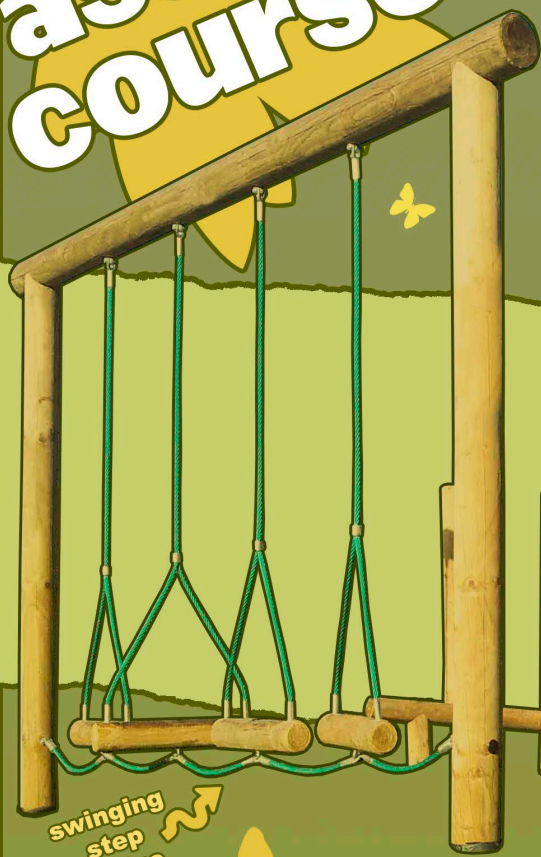

If you wish us to design and build your entire space, then no problem. Tree houses, drums, finger mazes, rubbing plates, sand pits, water play, messy mud play, role playing, stage area, growing areas and story telling zones can come together and form an amazing, challenging and safe learning experience for the children.

For further information please contact Mike on - 07947 637 937

assault courses

Our assault course items can be put together in any combination. A great way for children to develop all forms of physical movement from balancing, climbing, swinging, weaving, jumping and running. Equipment can range in challenge level from a simple balance beam to a multi challenge high level net unit.
